Agenda

Pend Oreille County Noxious Weed Control Board Wednesday, September 13, 2023
Weed Board Office, 227-B South Garden Avenue
2:00 PM

Public Comment opens at 2:00 p.m.

Consent Items

Approve travel expenses for this meeting Approve August 9, 2023, Regular Meeting Minutes

New Business

- Review and discuss with the Board the August revenue & expense reports (attachment A 1-2). **Approve August expenses**
- Employee updates and monthly reports (attachments B 1-3)
- Aquatic Workshop survey results (attachments C 1-2)
- Coordinator reports & updates: Grants & Agreements, field season update, boat survey with DOE, State Weed Board meeting (Mary),
- Board review of resolutions from the past year
- Discuss rental equipment fees (attachment D)
- Acronym list (attachment E)
- Open Discussion

Old Business

• Follow up discussion on contacting state legislators and agencies to form task force group

227 B South Garden Ave. Newport WA, 99156 Phone: 509-447-2402

Minutes

Pend Oreille County Noxious Weed Control Board Wednesday, August 9, 2023
Weed Board Office, 227-B South Garden Avenue
2:00 PM

Board members present: Wesley Bailey, Tom Pulford, Pamela Thomure

Also present: Mary Malone, Loretta Nichols, Dyana James, John Gentle

Meeting called to order: 2:01 pm

Action Report	Motion Carried
Motion to approve travel expenses for this meeting	Yes
Motion to approve July meeting minutes	Yes Yes
Motion to move to public comment to the beginning of the meeting on future agendas, with the option to ask for public comment on specific agenda items following a motion and second when public is present	Yes Yes
Motion to accept the July revenue and expense report	Yes
Motion to accept the 2024 budget as presented	Yes
Motion to adjourn at 4:09 p.m.	Yes

Consent Items

Expenses for August meeting:

Pam moved to approve travel expenses for August. Tom seconded. Motion carried.

July Meeting Minutes

Tom moved to approve the July 19, 2023, regular meeting minutes. Wes seconded. Pam abstained noting she did not attend the previous meeting. **Motion carried.**

New Business

May and June expense & revenue reports

(See attachment A 1-2) Dyana discussed the July revenue and expense report. Discussed using the extra money from RCO & DNR prior to July 1 for DASH in the Box Canyon. Dyana noted we are at 60 percent of revenue this year, and only at 34.4 percent of expenses. The season just started but we are sitting "really well" compared to other years. Pam asked what has contributed to that – Dyana is finding it easier to bill this year with Loretta letting her know where the contracts are at and what to expect.

Discussion over Open Public Meetings Act and the requirement to allow public comment before taking any formal action. Tom moved to move to public comment to the beginning of the meeting on future agendas, with the option to ask for public comment on specific agenda items following a motion and second when public is present. Pam seconded. **Motion carried.**

Tom moved to accept the July revenue and expense report. Pam seconded. Motion carried.

Employee reports

(See attachment B 1-3) Dyana spent a lot of time on Weed Base, making sure PARs are correct and billing. A lot of phone calls regarding weeds and weed control, herbicides, etc.

Mary discussed website updates and issues with the new County website, and Seattle City Light work – Pam asked about the biocontrol monitoring and Mary explained that they have plats near the Vista House where they have been monitoring spotted knapweed biocontrol as part of an agreement with the Weed Board to implement an integrated weed management plan. Mary noted she has been writing a lot of articles for events and the flowering rush article. Discussed the WSDA report (see attachment C). Discussion over distribution and sharing of information between counties, including Bonner County. The next workshop event is this Friday, Mary said she will be preparing for the fair next, which starts next week.

Coordinator Report

Loretta noted the DOE grant has been signed and she is in the process of doing an amendment to the aquatic contracts. She said Dolly does not want so many contracts and amendments in the future and would ideally like to see one contract, or at most one for diving and one for spraying. Too many contracts and amendments becomes a state audit issue. Discussion over Mary's contract with POCD. There is still no RCO money – they said we are getting it, but Loretta doesn't want to award it out until that money comes through. Pam asked how much the RCO is; Loretta noted it is approximately \$130,000 all for FLR. DNR money may not come through this year. Otherwise, she has been doing a lot of work getting boots on the ground and on the river. Field staff are working on PUD currently and Tommy will be writing the report for that.

Open Discussion

Pam discussed the Army Corps FLR pre-treatment meeting, wondering what Mary and Loretta's take was on the meeting. Open discussion was put on hold to take public comment at 3 p.m.

Public Comment

Public comment opened at 3 p.m.

Commissioner John Gentle commented, noting that the new parking lot is underway. Asked about if there is anything that could outcompete the FLR. Discussion ensued leading back into open discussion regarding the Army Corps.

New Business (Cont.)

Open Discussion (Cont.)

FLR discussion continued regarding Army Corps meeting. It was noted that the FLR had not come back as quickly as they thought it would since their last treatment. Discussion over how the herbicide treatments work. Tom suggested Loretta get on the list for if they are on drawdown at the dams. Loretta noted the Army Corps take on DASH and that it could be releasing things from the sediment. She was surprised by the comment that in one small area they had found 50,000 bulbils. Pam noted they went through many years of data and research for this project, and there is no research on DASH. Discussion over finding out if anyone has done research on DASH. Loretta said she is in favor of using all the tools, including using herbicide on the bigger sites like the Army Corps is doing, but still employing DASH on the smaller sites. Loretta noted she spoke to Mat from Aquatic Weed Solutions and he treats private areas in the spring during drawdown. She will get Tommy doing some research this winter on flowering rush. Discussion over how to get drawdown and who to contact.

Old Business

Review and approve 2024 budget

Mary Malone, Secretary of the Board

(See attachment D) Loretta discussed the revenue, noting the lines in pink she doesn't have an agreement for at this time. Discussion ensued over sharing a position with POCD for financial person, though it is only discussion at this point. Loretta discussed expenditures with a focus on salaries. John asked about the more than \$300,000 difference in totals between the revenue and expenditures. Loretta noted the missing revenue would be covered by the general fund. Following Weed Board approval, the budget will be sent to the County and a hearing will be set with the Commissioners. Tom moved to accept the budget. Pam seconded. Brief discussion. Motion carried.

Meeting Adjourned: Pam moved to adjourn the meeting. Tom seconded. Motion carried. Meeting closed at 4:09 p.m.

Wesley Bailey, Chairman

# 2023 Aquatic Workshop In-Person Survey Results

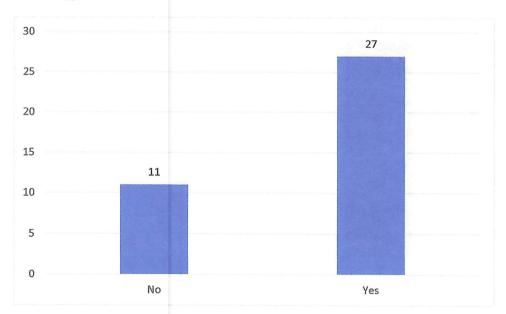

# 33 responses (58 total attendees)

1. Have you done any aquatic weed control work in the past and if so, what kind of work did you do?

"Other" answers included Ground barriers and hand pulling.

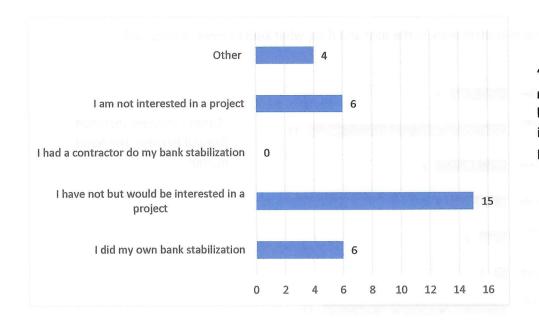

2. Do you plan on doing any aquatic weed control this year or next, and if so, what kind of work do you think you will do?

Yes answers included hand tools/manual control, hiring divers, herbicide, EcoHarvester, S.A.A (not sure what that is), and undecided.

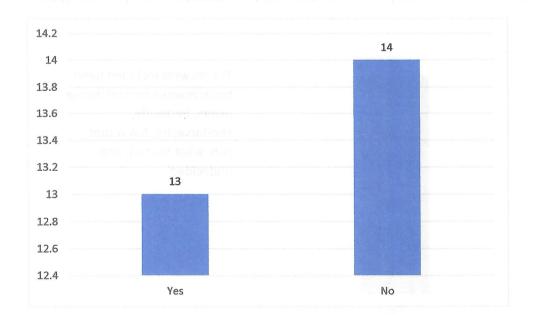

2023 Aquatic Workshop In-Person Survey Results

# 3. Have you ever had a bank stabilization project done, and if not, would you be interested in a project?

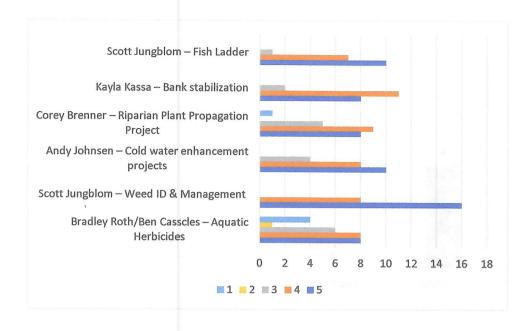

"Other" answers included muskrat erosion, designing bank stabilization projects & interest in riparian plantings.

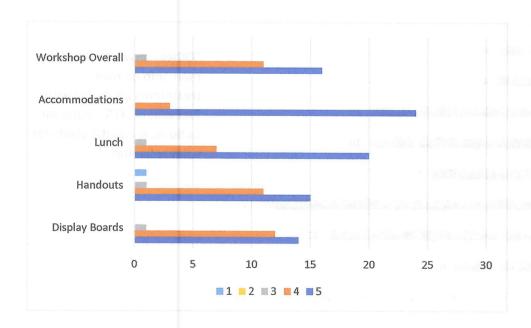

#### 4. Have you ever attended our aquatic workshop before?

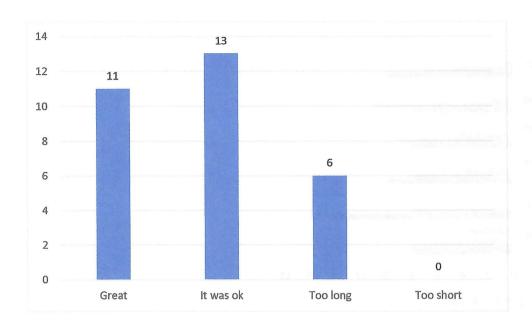

## 5. Please rate today's presentations:

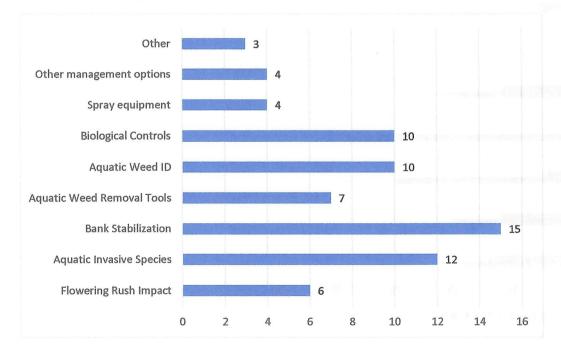

#### 6. Please rate the following:

## 7. How was the length of the program?

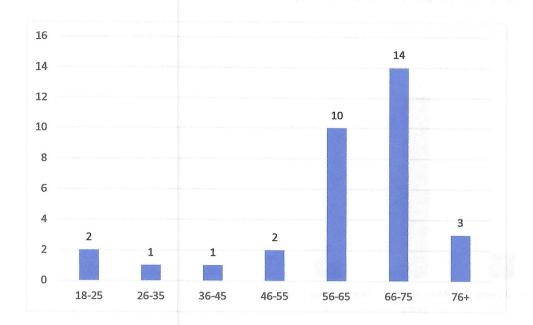

# 8. Please suggest what topics you would like to learn about or materials you would like to cover at next year's Aquatic program:

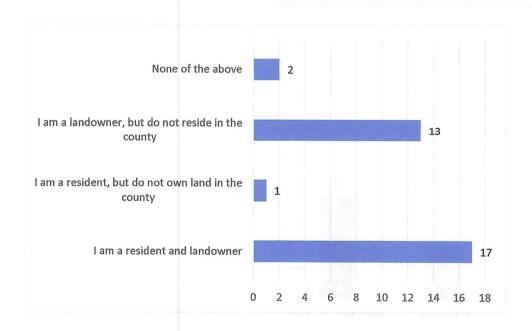

"Other" answers included more info on river treatments for milfoil with ProcellaCor; FLR treatment options; & aquatic plants for wildlife habitat.

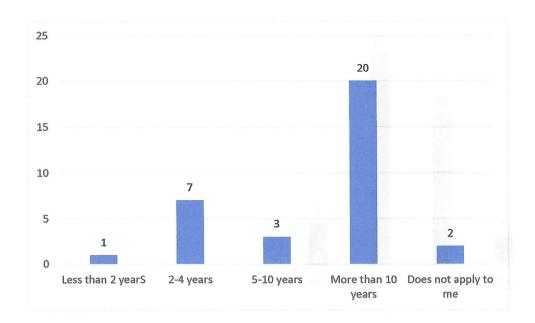

## 9. How old are you?

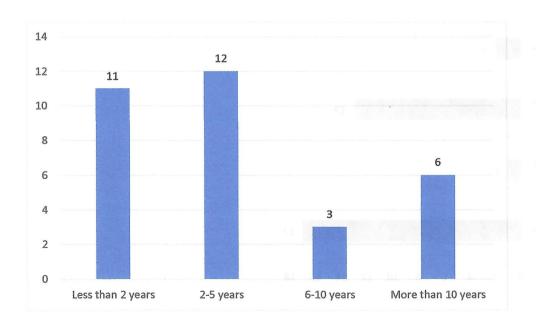

# 10. Are you a Pend Oreille County resident and/or landowner?

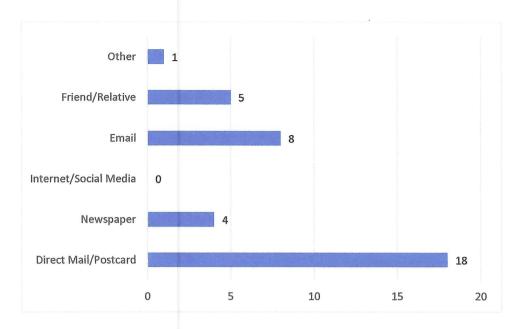

## 11. How long have you lived in and/or owned property in Pend Oreille County?

## 12. How long have you been aware of the Pend Oreille County Weed Board?

#### 13. How did you first learn of today's workshop?

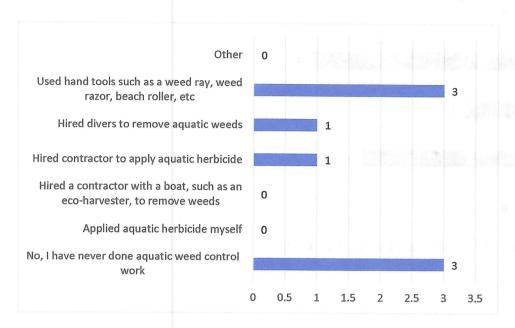

#### Additional comments:

- First presentation had good info but they went too fast
- Need more note-taking space in the handout
- Good mix of presentations
- Great aquatic herbicide presentation suggested using less examples that were all so similar, less case studies
- Would like a presentation by Aquatic Weed Solutions
- First presentation didn't mention the river
- · Second presentation was great
- Enjoyed all the Q&A opportunities
- Consider a river-specific workshop
- Good workshop, good discussion, good recommendations & information
- Great job as usual
- Well done. Lunch was absolutely wonderful better than pizza

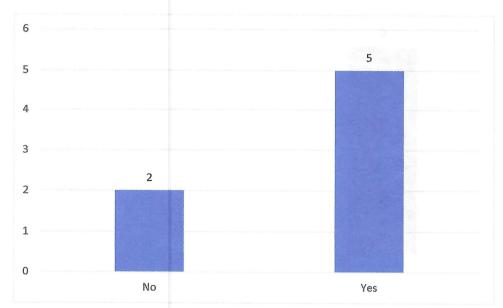

# 2023 Aquatic Workshop Virtual Survey Results

# 2-8 responses – 13 total virtual attendees

1. Have you done any aquatic weed control work in the past and if so, what kind of work did you do?

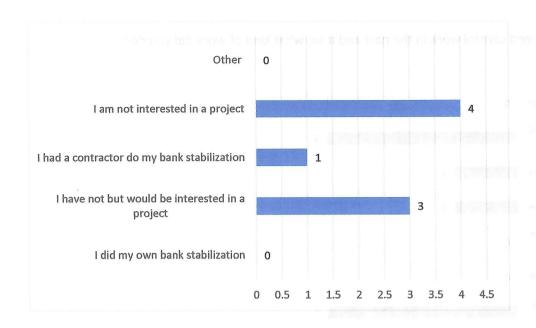

2. Do you plan on doing any aquatic weed control this year or next, and if so, what kind of work do you think you will do?
