

# Mental Health Counseling

Pend Oreille County Counseling Services provides mental health services to individuals who are residents of Pend Oreille County and the Spokane County Regional Support catchment area. This includes residents of Spokane, Adams, Ferry, Grant, Lincoln, Okanogan, and Stevens counties. Residents in other counties or states will need to access services in the Regional Support Network they reside. We accept all referral sources and provide services for young children to geriatric age.

**Pend Oreille County Counseling Services offers professional and confidential behavioral health services. For questions or to schedule an appointment, call 509-447-5651 or 500-404-5151.**

## **Counseling Services provides the following services:**

- Intake evaluations with diagnostic assessment
- Psychoeducation
- Substance Use Disorder Treatment Services
- Medication Management
- Case Management
- Crisis Services
- Individual counseling and psychotherapy
- Peer Counselor Services
  
- WRAP (Wellness Recovery Action Plan) Services

## **Payment Options:**

### **MEDICAID COVERAGE:**

If you are enrolled in Medicaid and possess a Medical Identification provider One Card, your services may be covered by Medicaid, provided you meet Washington State Access to Care criteria. Please note that for some individuals, there may be a "spend down" requirement before services are fully covered.

**PRIVATE INSURANCE:**

If you have private insurance that includes coverage for behavioral health services, we will facilitate billing your insurance. Typically, you'll need a referral from your primary care physician. We are an authorized provider for several insurance companies, ensuring seamless processing of claims.
